Every parent wants their children to thrive - to grow up happy, healthy, strong, kind and capable of realising their full potential. In this seminar, Maggie explores the **10 keys to parenting that support this goal**. She acknowledges there is no "perfect" and that challenge, adversity and failure can actually help our kids grow stronger and smarter.

**About Maggie Dent:** Maggie is a much sought after presenter who runs seminars nationally and internationally that give children, adolescents, parents, teachers, professionals and communities the knowledge and tools they need to build their personal and professional resilience.
